

September 25, 2021

The Boca Royale Transition Committee continues to investigate the purchase of the Club from Neal Communities on behalf of our Community. We have engaged experts to evaluate and advise us regarding the conditions of the Clubhouse, golf course and other facilities.

As we move forward, your input and feedback concerning a potential acquisition is very important. Today we are posting our first Boca Royale Resident Survey on the Transition Website - www.BocaRoyaleTransition.com.

The objectives of the survey are to:

- Assess homeowner satisfaction – what residents like or dislike about living in Boca;
- Obtain feedback on planned Neal Communities improvements;
- Identify other improvements desired by residents; and,
- Explore ways to improve the value of Club membership.

Please take advantage of this opportunity to share your thoughts and ideas with us. We ask that you complete and submit this survey within the next two weeks. You can take the survey now by clicking on this [link](#) or do so later by accessing the “Surveys” page of the Transition Website.

The Survey will close at Midnight on Monday, October 12th. The Transition Committee will then review the electronically compiled data and share all results with the Boca Community by the end of October.

We sincerely appreciate your interest in and support of the Boca Transition initiative and look forward to your survey responses.

Sincerely,

The Boca Royale Transition Committee
